

SWORN DECLARATION OF PETE TRIDISH

1. My legal name is Dylan Wrynn. I am Technical Director of the Prometheus Radio Project (Prometheus). In this capacity, I function as the head of Prometheus.
2. Prometheus is a Philadelphia-based unincorporated collective of radio activists which has been committed to expanding opportunities for the public to build, operate and hear low power FM radio stations. This activity has included advocacy for rules and policies which promote diversely owned and operated broadcasting stations in the United States. Members of Prometheus assist in the creation of low power FM radio stations and regularly listen to commercial and non-commercial radio and television.
3. Among the elements of Prometheus mission statement are the goals of sponsoring and producing educational tours, conferences, events and literature on microradio and democratic media issues and serving as a public interest advocate on microradio issues. We also to help facilitate public participation in the FCC rulemaking and legislative process.
4. I have reviewed the foregoing Motion to Stay with which this declaration is associated. All of the relevant facts stated in the Motion regarding the harms of consolidation and its effect on Prometheus and its members are true and accurate.
5. As a result of past deregulation and the resulting radio and television broadcasting industry consolidation, Prometheus' members have had fewer opportunities for employment in commercial broadcasting and far less opportunity to express viewpoints, and to receive diverse viewpoints, on issues of importance to its members and the public.
6. This Sworn Statement has been prepared in support of the foregoing Motion to Stay.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on 08/11/03
